Will Mowlam

Email: will.mowlam510@icloud.com | Worthing, UK
LinkedIn: linkedin.com/in/will-mowlam | GitHub: github.com/willmowlam
Portfolio: will.mowlam.com

Web developer with an inquisitive mind. High attention to detail. Happy working both independently or collaboratively. Recently completed a five month Skills Bootcamp in Front-End Web Development run by edX and eager to build on new skills in React, Laravel or both in a headless CMS.

Skillset

HTML5/CSS3, JavaScript, jQuery, AJAX, Bootstrap, Tailwind
MySQL, Node.js, Drupal, Laravel, PHP, Git, Bash
VSCode, Vite, Lando, GitHub, Netlify, cPanel/WHM, AWS, CloudLinux, Cloudflare, DNS

Projects

devOpps | github.com/jilloreilly/devopps | devopps.app

- Job search portal for recruiters and job seekers in software development.
- React Developer. Responsible for job search, API integration, CI/CD, testing and deployment.
- Tools: React, JavaScript, Tailwind, NextUI, API, Vite and Netlify.

School Aid South Africa | school-aid.org.za

- Charity website with donation facility. Promotes the charity's work and allows users to donate, give books or volunteer.
- Sole developer.
- Tools: Laravel, MySQL, Eloquent, Bootstrap, Lando, Ngrok and cPanel.

nutriSmart | github.com/willmowlam/nutriSmartApp | willmowlam.github.io/nutriSmartApp

- Single-page meal planning and nutritional tracking app that integrates with nutritional data from Edamam's Recipe API.
- Built the recipe search, favourites feature plus pagination.
- Tools: Bootstrap, jQuery, API and GitHub Pages.
